About the Creators
Education is a complex endeavor. Educator preparation programs, engineering and technology, engineering and mathematics (STEM) education, and other fields are all essential to the success of our students. The Minnesota Department of Education is proud to be a part of this effort. We are committed to providing the best possible education for our students. We are committed to providing the best possible education for our students. We are committed to providing the best possible education for our students.

Getting the Most out of This Site
This site was built with the following goals in mind:
• Provide a central location for all Frameworks resources.
• Provide a user-friendly interface for navigating the site.
• Provide a variety of resources for educators, including lesson plans, activities, and assessments.
• Provide a secure environment for user accounts and data.

wonderful teaching tool
Amazing timesaver
wonderful
Great start
help children learn
can't wait to use
science
math
exciting
teachers
parent resource
Love the new frameworks
awesome
teaching
Thank you
rich resource
great work
looking forward to using
frameworks
PLC's
helping children
well written
Love it
Super ideas
administrators
helping teachers
I'm very excited
helping
understandable
excellent resource
